

Vision, Mission and Strategy

June 2016

Vision

A community where young Western Australians with autism are accepted, celebrated and supported.

Mission

To deliver quality services to young Western Australians with autism to enable them to connect successfully with others and the world around them.

Provide strength-based social groups for teenagers and young adults with autism

- Expand the YES, Step into Social and Awesome Groups into new locations
- Implement a special interest model into all of our groups

Raise awareness about, and acceptance of, autism in the community

- Produce/participate in at least 3 community events (Team Sprint Cup, Race Around Rottnest, Gibb Challenge)
- Give presentations within the community about Autism West

Provide relevant and accurate autism information

- Present world class conference for families, educators and health professionals
- Deliver informal information nights for members
- Provide phone advice to community members seeking information about autism services

- Collaborate with Curtin University on evaluation of groups
- Develop specialised programs such as art or technology
- Form community partnerships in order to better assist young people with autism

- Increase membership of Autism West
- Increase traffic to website and social media
- Implement public speaking program

- Create online resources specific to teenagers and young adults
